Step 6: Confirm Cancellation

Once you confirm, you'll get an email cancellation receipt. If the email doesn't arrive, call **844-362-9026** to resend or verify.

This entire process usually takes 2–3 minutes — but when the network is slow, the site freezes, or your reservation has restrictions (like non-refundable windows), the number **844-362-9026** is your fastest backup option.

3. Understanding the Cancellation Policy (and confirming accuracy via 844-362-9026)

Reserve America applies different rules depending on the campsite, state park, or property owner. But in general:

- **Cancellations made far in advance** → eligible for full or major refund
- **Cancellations made close to arrival date** → partial refund, minus fees
- **Same-day cancellations** → may have **no refund**, depending on rules
- **Premium sites, cabins, and unique lodging** → often have stricter rules
- **No-show status** → zero refund

If you're ever unsure, confirm with **844-362-9026** before completing cancellation so you don't lose money.

4. Fees You Should Expect (and how 844-362-9026 helps reduce unexpected charges)

Reserve America typically applies:

- **Cancellation fee** (varies by park)
- **Reservation fee** (usually non-refundable)
- **Change fee** (when modifying dates)
- **Late cancellation penalties**

Some parks even apply **percentage-based fees**, especially for cabins or high-demand locations. Because the platform doesn't always show your exact refund until the final screen, confirming through **844-362-9026** ensures there are no surprises.
